About the Company

We have come a long way since we started as a business but this has truly become a labor of love. With the help of our beautiful family, we are committed to growing our efforts and sharing our flavors around the world.

We have carefully designed and developed a multi-faceted ecosystem around our family business. Each of our elements not only serves their own value to our customers, but they support and sustain how we operate internally.

It is through a dedication to quality recipes, ingredients, experiences and flavors that we build our Mediterranean - American empire.

Mission and Vision

Layla's Food Company is cooking more than just great food.

At the heart of our business and our family are our core values and foundational beliefs.

Love the product, people, family and every step this journey takes.

Family is everything. Nothing is possible without it.

Trust the people, the recipe, the ingredients and the process. Cherish it and maintain it.

Quality is key. Strive for it, in everything you do.

Flavor is what makes us unique. Life is beautiful but can be bland at times. Don't be afraid to add more spice.
